

## PRODUCT DETAILS

# WAYFINDER MINI

### Overview

The WAYFINDER MINI offers a stylish and elegant solution for mounting screens, ideal for reception spaces in both education and corporate environments. These units are ideal for use as sign-in or registration points, allowing touch screens to be easily deployed in open plan areas.

Internal cable management, grommet holes and the option to run cabling through the bottom of the unit result in an all-in-one solution with minimal disruption to its surroundings. The stands are also available with fixing points in the base, allowing it to be bolted to the floor for added security and durability.

The WAYFINDER MINI can be customised to match your corporate identity with a range of standard colour finishes and vinyl branding options.

### Features

- Suitable for up to 32" screens
- Fixed screen mount (up to 100x100 VESA)
- Optional tilting screen mount from 40°-85°
- Range of standard and non-standard colour finishes
- Robust steel construction
- Removable back panels

### Benefits

- Stylish and elegant solution suitable for both education and corporate spaces
- Cables can be fed from the floor through the bottom of the unit for complete cable management
- Match your brand identity with a range of standard colour finishes and vinyl branding options
- Can be bolted to the floor for added security
