

PRODUCT DETAILS

LEVITATOR HA

LEVITATOR is an electronically height-adjustable digital signage trolley suitable for mounting and securing large screen sizes up to 110kg in weight.

Ideal for classrooms, boardrooms, reception and office environments, the LEVITATOR is available as a standard trolley for conventional screens, or a wider heavy-duty unit for larger, heavier displays.

Our trolleys can also be purchased without brackets.

Features

- Available in dual screen configuration
- Heavy duty versions available
- Supplied with remote control for HA mechanism

Height adjustable

Screen rises and falls to suit user preference.

Easy screen deployment

Heavy duty quality castors for easy room-to-room manoeuvrability.

Complete cable & power management

Integrated cable management and power distribution
