

## PRODUCT DETAILS

# DELTA DESK

### Overview

DELTA DESKS are ideal for group work, call centres or environments which are hard to populate containing inconvenient structures.

Strong enough to support both plug-and-go devices and desktop computers and can be fitted with a wide selection of power modules and cable management options to increase compatibility with devices.

The DELTA DESK is a superb way to implement compact ICT workspaces into open plan environments.

### Features

- Robust steel frames
- Fitted with secure computer cages if required
- Optional cable trunking/trays provide neat and easy cable management

### Benefits

- Multi-purpose use such as classrooms, hot-desk areas or training facilities
- Can be adapted and arranged to fit a variety of room requirements
