

PRODUCT DETAILS

CONTOUR

Overview

CONTOUR is a prestigious lectern, available in a large range of sizes to suit all room types. Designed to securely house media equipment, it is available with 16U or 32U rack space as standard, and there is a 14U or 28U with castor option at a height of 799mm. CONTOUR is also supplied with a flexible monitor arm, illuminated branding and our innovative rack unit that allows non-rack mounted equipment to be secured within the rack space. CONTOUR comes as standard with a customisable door aperture, with a choice of half U's open or closed.

The CONTOUR range features easy equipment access for maintenance, a large storage space, effective cable management and a removable rack system that allows media equipment to be installed at integrators premises while the lectern is still being built.
