

TOP-TEC BRANDING GUIDELINES

HERIOT
WATT
UNIVERSITY

Branding Location

The location of the branding on each Lectern model is similar with the exact positioning determined by the size and design of the logo to ensure balance and harmony with the unit.

The branding is created using a high quality laser cut panel with coloured filters or printed panels to complete the design, according to the style of the logo.

Lectern Range

Bravo

Explorer

Contour

Messenger

Branding Examples

Branding Specification

We need your logo supplied as either EPS and DXF vector file formats. These formats provide us with the necessary information to produce all forms of corporate branding supplied by TOP-TEC. The usual procedures for product configuration approval will be undertaken with the purchase contact by your TOP-TEC customer service representative.

Acceptable File Formats (both required)

- EPS (Encapsulated PostScript)
- DXF (AutoCAD's Data Interchange Format or Data Exchange Format)

Combination of high quality cutting and printing of your logo with a choice of colours to illuminate your logo.

Examples
