

PRODUCT DETAILS

DIGITAL SIGNAGE STAND

Overview

The DIGITAL SIGNAGE STAND is an elegant effective housing for both screens, PC, or other technology.

Commonly supplied in white as pictured, they can be finished to suit any brand style. This can include illuminated or vinyl branding.

Designed to be used for displays in meeting spaces, public areas or as internal information points, these stands allow for large screens to be strategically placed wherever they may have the most impact. Ideal for use in meeting rooms where tamper proof installation is required.

Features

- Superb build quality
- Available in a range of standard paint finishes
- Removable front and rear panels for access to cabling and equipment
- Floor fixing points within
- Secure locking

Benefits

- Facilitates large display screens up to 95"
- Can be finished to suit any corporate style
- Stylish and elegant solution to signage requirements
- Versatile solution for information points or screens in meeting rooms
