

 TOP-TEC

Product Overview

Experts in AV and IT Integrated Furniture Solutions

TOP-TEC is committed to enhancing learning through the use of technology.

We do this by designing and manufacturing specialist furniture solutions that are tailored to integrate technology that aids in improving learning outcomes.

We pride ourselves on quality

With over 65 years of manufacturing experience, we pride ourselves on our quality and dependable solutions, and make all of our products at our factory in Birmingham.

We consider IT and AV from the start, rather than as an afterthought

As a UK in house designer and manufacturer, we are completely flexible and are always on hand to listen to our customer's challenges and tailor our products to help find a solution.

A trusted partner to over 90% of the Universities in the UK

We believe in building long term relationships and always strive to create products that are built to last and provide value for money for our customers.

FREE space planning + consultation service

Utilising our vast experience in education, we can maximise the potential of any space.

• FREE initial consultation

To help gain a better understanding of your project objectives.

• Let us do what we do best!

We suggest how to configure your space with 2D space planning alongside 3D visualisations.

We can help with:

- Target number of workspaces.
- Right amount of space between users.
- Distance between tables for walkways.
- Bespoke sizes to accommodate pillars, corners etc.

• Site visit

Ensuring you receive a trouble-free service with minimal disruption.

• Specialist installation team

We install our products on your site at a time that is convenient to you.
