Audio Visual Lecterns

About our lectern solutions

We provide a variety of lecterns as part of our Audio Visual furniture range.

Our comprehensive range of AV lecterns are designed to complement all types of room, including small to medium sized teaching rooms, large lecture theatres, agile workspaces, presentation rooms and reception areas.

Facilitates seamless AV/IT integration

Complete cable management creates an 'all-in-one' solution.

Height adjustable

We offer a range of HA lecterns in which the entire surface rises and falls to match user preference.

Removable rack

Allows rack to be populated at the integrators premises prior to the lectern being delivered.

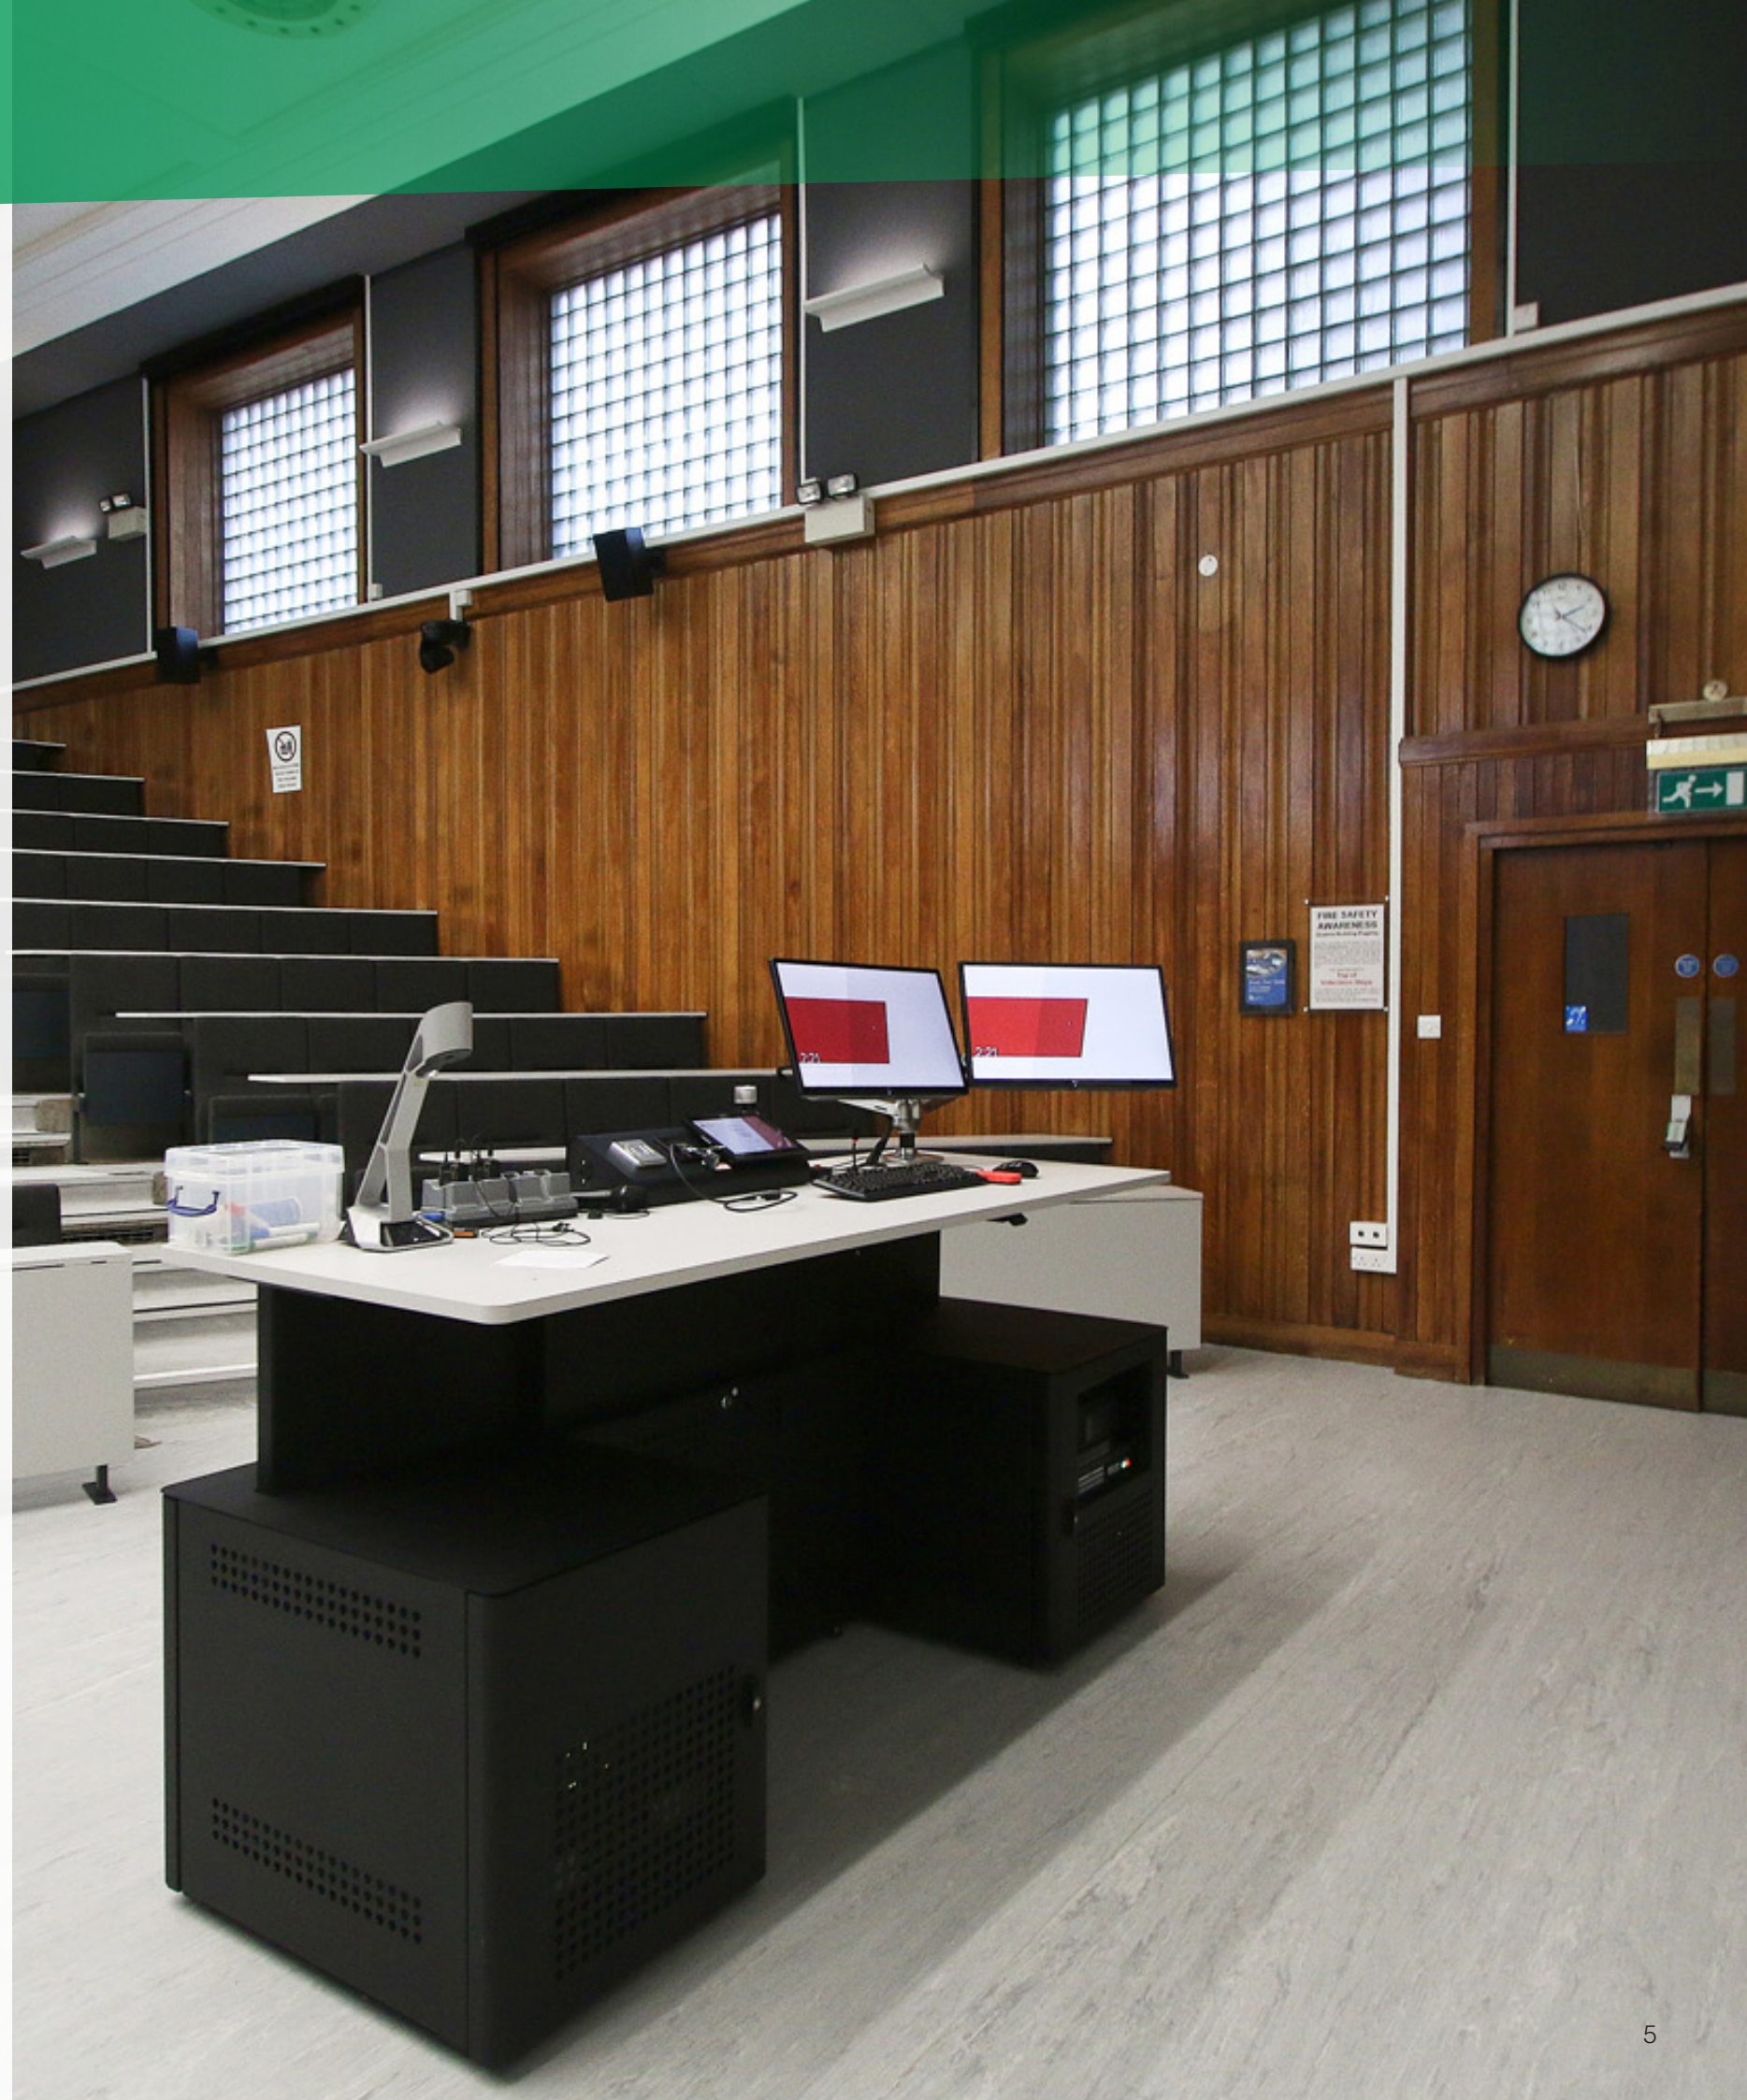

Secure your AV equipment

Robust steel construction and drill resistant locks provide a high level of security.

Make it your own!

Choose from a wide range of accessories and finishes.

Audio Visual Lecterns

We offer solutions for a range of spaces...

Designed Equality Act compliance, enabling lecterns to adapt to accommodate all height requirements at the push of a button.

Audio Visual Lecterns

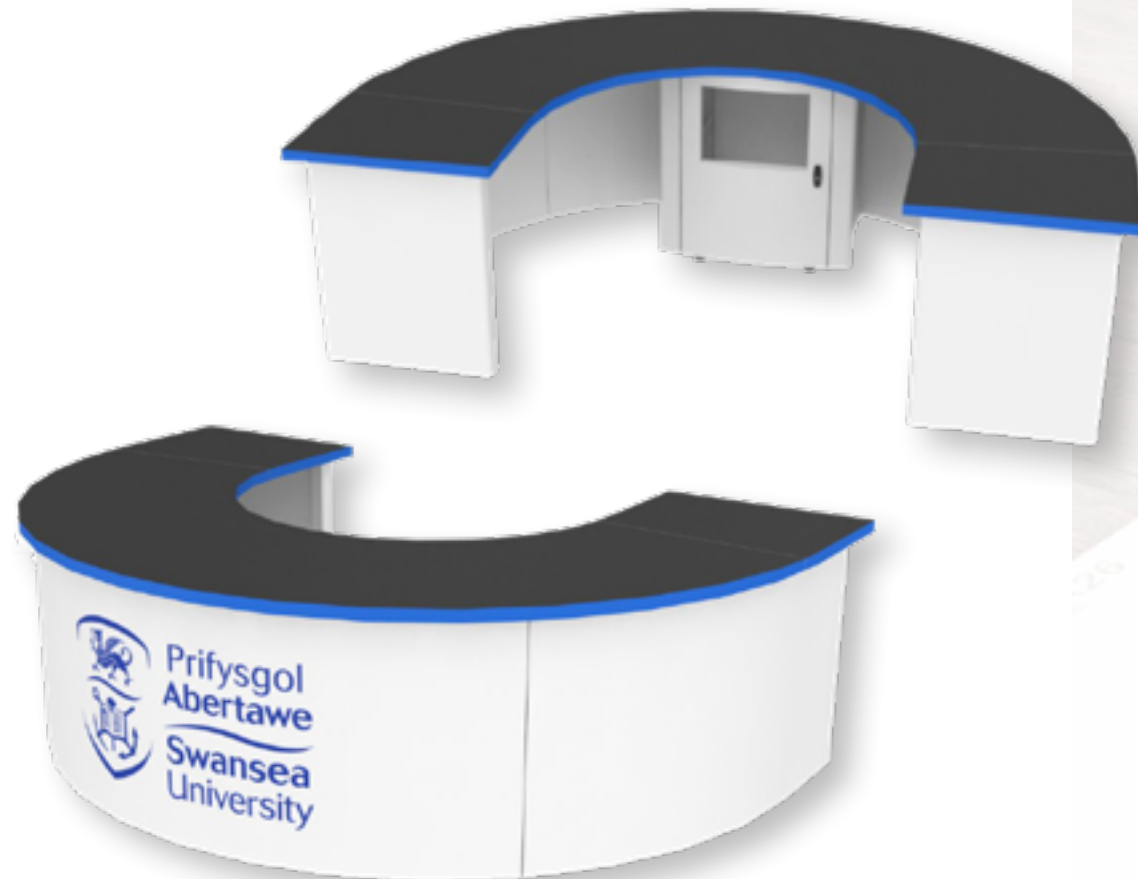

Need a completely bespoke solution?

As we design and manufacture all of our products in-house, we are able to provide a unique level of customisation to ensure that your requirements can be met in full.

This may include adapting our mounting equipment to fit your specific device, integrating your brand into our products, or configuring our furniture for your specific IT or AV needs.

If you have an unusual or non-standard requirement, call our advisers on **+44 (0)121 783 3838** and we will do our best to create a solution that fits your needs.

Audio Visual Lecterns

Supporting your environmental goals

As a UK manufacturer, we are committed to using UK suppliers helping reduce our carbon footprint.

- We are ISO 14001:2015 accredited and we work with our supply chain to ensure all worktops are FSC certified.
- Our technical furniture solutions are >70% steel making them easy to recycle.
- Our Carbon Reduction group meets every month to see how we can work more environmentally friendly as a company and are continuously implementing new policies and ideas to reduce our environment impact.

Choose from a wide range of finishes...

(More available on request)

- Our worktops are made from 100% recycled materials and are 100% recyclable.
- Manufacturing process diverts over 3000 tonnes of plastic waste annually.

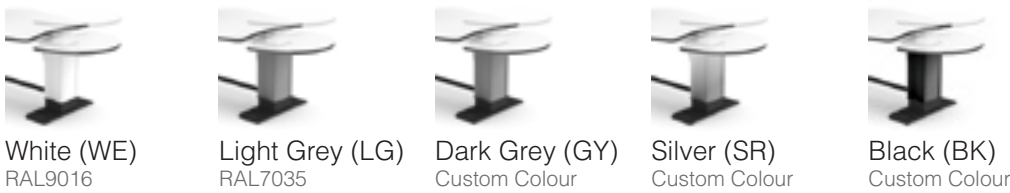

Audio Visual Lecterns

What colour would you like?

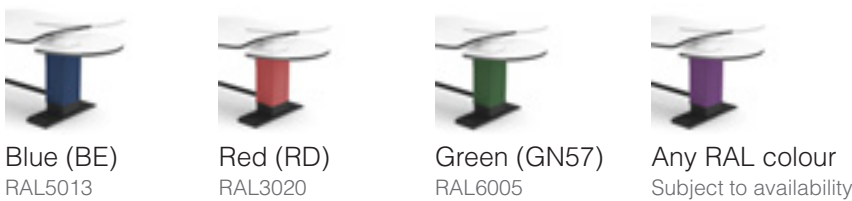

If your colour is not shown please ask, we may still be able to provide it without additional cost.

Metalwork

Standard Finishes:

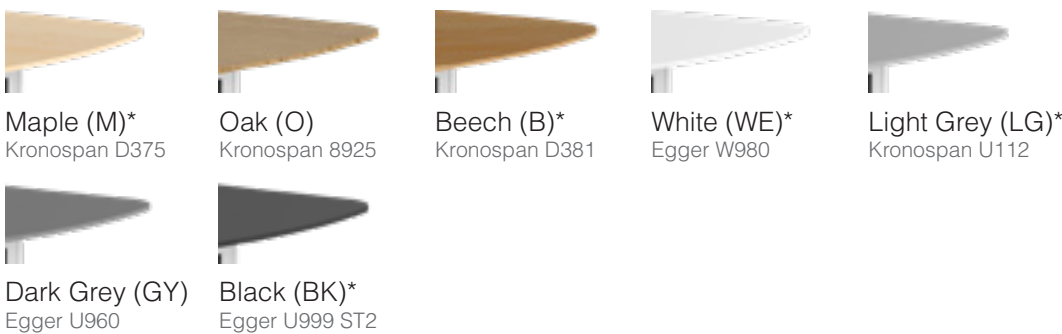

Non-standard Finishes (POA):

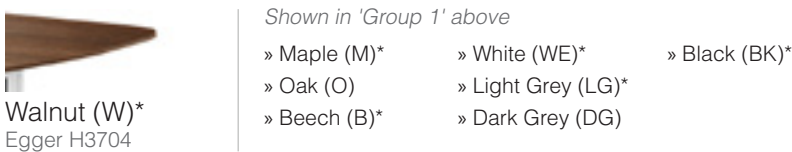

Worktop & Edge Banding

Worktops are supplied between 25-40mm

Group 1 - MDF: Included/Standard

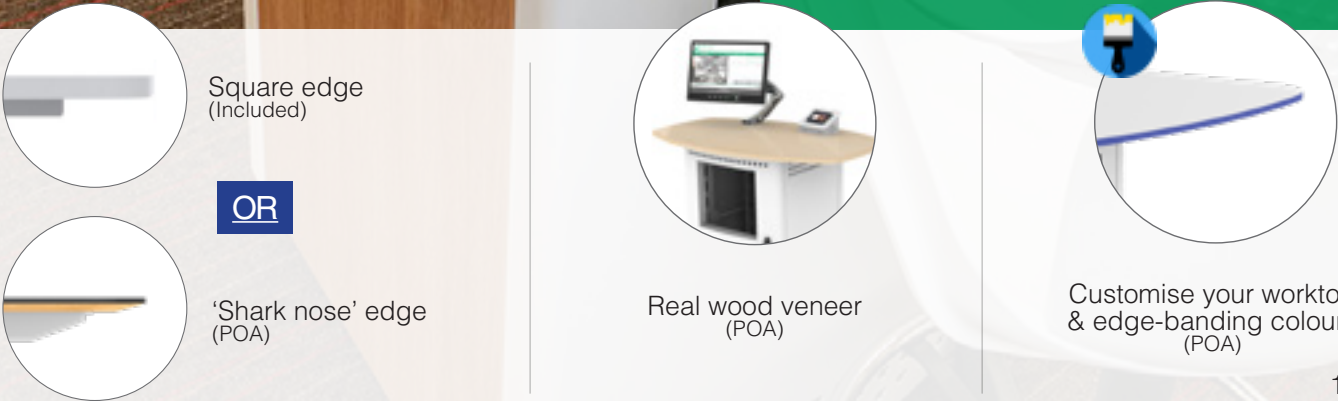

Group 2 - Laminate: Additional cost

Group 3 - Laminate: Additional cost

***Antibacterial Worktops**
Egger worktops are tested according to the internationally recognised ISO 22196:2011, this standard measures the reduction in bacteria over a 24 hour period. Edge banding is not included in the certification.

Audio Visual Lecterns

Choose from a range of accessories

Choose your branding...

Illuminated branding

Vinyl or printed branding

Vinyl wraps

Integrated screen

Choose your housing...

Quick Access Control Panel Housing

Rounded Control Panel Housing

Control Panel Housing

Tablet Housing

3x screen monitor arms

Customise your worktops!

We offer this service on all lecterns that is completely customisable to your requirements, ensuring the consistency of hole sizes and locations. This service reduces disruption and dust on site or in rack build environments.

With our in-house machining service, we also offer the option to integrate wiring into the worktop using cable channels.

Collaborative and Immersive Spaces

Audio Visual Lecterns

Collaborative Learning Spaces

Provide the lecturer access to each table and the ability to easily switch between traditional teaching to collaborative activities.

Contour

University of Leeds Specification:

- White metalwork & worktop / black edge-banding
- Internal rack space houses a PC
- Desktop machining for a wireless microphone, power and data modules
- Control panel housing

Audio Visual Lecterns

Immersive Learning Spaces

The lectern should be fit for a 360-degree learning cylinder by Igloo Vision and should be able to integrate Igloo Vision's technology.

Bravo

University of Wolverhampton Specification:

- Grey metalwork / black worktop & edge-banding
- Illuminated branding
- Removable 8U rack with four door access
- Ergonomic monitor arm

Large Lecture Theatres

Audio Visual Lecterns

Large Lecture Rooms

The university wanted a fully height adjustable lectern and could provide a focal point for the large lecture room.

Gemini

University of Southampton Specification:

- White metal work / white worktop / white edge-banding
- Illuminated branding
- Electrically height adjustable worktop
- Removable 14U rack and front & rear door access
- Customised worktop layout

Audio Visual Lecterns

Large Lecture Rooms

The university wanted a lectern with a large rack space that would efficiently store all the AV equipment required and be a statement furniture in the lecture room.

Aries

University of Leeds Specification:

- Black metal work / Oak worktop & edge-banding
- Illuminated branding
- Removable 32U rack and front & rear door access
- Dual Secure monitor arm

Traditional Classrooms

Audio Visual Lecterns

Traditional Lecture Rooms

The university wanted a portable lectern with a contemporary design to suit their newly built teaching room.

Expert

Oxford Brookes University Specification:

- Grey metal work, worktop & edge-banding
- Illuminated branding
- Control panel housing
- Removable 32U rack with four door access
- Customised worktop layout

Audio Visual Lecterns

Traditional Lecture Rooms

The university wanted a cost effective lectern with customisable wood finishes to suit the design of the furniture in the room.

Explorer

University of Hong Kong Specification:

- White metalwork / Oak worktop & edge-banding
- Vinyl branding
- Integrated control panel into worktop
- 16U rack with front & rear door access
- Customised worktop layout

NEW V3

Hinged worktop mechanism provides easy access for maintenance

Power strip situated in top cable well for improved access

Small Rooms

Audio Visual Lecterns

Small Rooms

The university wanted an economical compact lectern solution that could be placed in the lecture room without occupying much space.

Rubi

Cardiff University Specification:

- Grey metalwork / Oak worktop & edge-banding
- Vinyl branding
- Integrated visualiser into worktop
- 16U rack with four door access
- Customised worktop layout

Audio Visual Lecterns

Small Rooms

The university wanted a space saving solution that would allow floor space in the small room while seamlessly integrating AV technology.

Juno

Oxford University Specification:

- White metalwork & worktop / Black edge-banding
- Vinyl branding
- Integrated worktop power
- Storage space for PC
- Drill resistant locks

Audio Visual Lecterns

Small Rooms

UH

The university wanted a lectern solution that could allow floor space to specifically promote active learning methods in the small room.

SALC

Slimline Active Learning Console

University of Hertfordshire Specification:

- White metalwork
- Wall mounted unit
- Integrated control panel + inputs
- Removable lacing panel
- Printed branding

Height Adjustable Lecterns

Audio Visual Lecterns

Height Adjustable Lecterns

Podium-style lectern, height adjustable to accommodate all height users and should fit the colour theme of the room.

Messenger

Oxford University Specification:

- Black metalwork / White worktop / Orange edge-banding
- Vinyl branding
- Height adjustable
- 8U full width rack space
- Half Us open in door
