

Rotating rear panel for easy AV equipment and cabling access

Contour

Contour is a prestigious lectern, available in a large range of sizes to suit all room types. Designed to securely house AV equipment, each unit is also supplied with a versatile monitor arm, illuminated branding and our innovative rack unit that allows non-rack mounted equipment to be secured within the rack space.

Contour features easy equipment access for maintenance, a large storage space, effective cable management and a removable rack system that allows media equipment to be installed at integrators premises while the lectern is still being built.

Features

- Illuminated branding (vinyl or printed branding available)
- 12U / 14U / 16U removable rack(s)
- Extensive rack access for easy maintenance

Removable 19" rack

Allows rack to be populated whilst the lectern is being built.

Secure your AV equipment

Robust steel construction and drill resistant locks ensure security.

Seamless AV integration

Complete internal cable management creates an 'all-in-one' solution.

Range of models

Extensive model range to suit a large range of learning spaces.

Our lecterns effectively integrate and enhance the use of your technology
