

PRODUCT DETAILS

DELTA DESK

Overview

DELTA DESKS are ideal for group work, call centres or environments which are hard to populate containing inconvenient structures.

Strong enough to support both plug-and-go devices and desktop computers and can be fitted with a wide selection of power modules and cable management options to increase compatibility with devices.

The DELTA DESK is a superb way to implement compact ICT workspaces into open plan environments.

Features

- Available in single and double units
- Can be fitted with made-to-measure PC cage
- Contemporary cantilever design

Benefits

- Ideal for multi-purpose spaces such as classrooms, hot-desk areas or training facilities
- Can be adapted and arranged to fit a variety of room requirements
- Robust steel frames capable of supporting heavy ICT equipment
- Optional cable trunking and cable trays provide neat cable management
