

PRODUCT DETAILS

LEVITATOR HA

80kg
screens

LEVITATOR HA is an electronically height-adjustable trolley, ideal for mounting large screens for classroom, boardroom, reception and office environments.

LEVITATOR HA offers a more cost effective and streamlined solution to help easily incorporate height adjustable screens into a variety of education and corporate spaces.

Features

- Height adjustable trolley solution.
- Accommodates up to 800x600 VESA / 80kg screens.
- Secure storage behind the screen for AV equipment.

Height adjustable
Screen rises and falls to suit user preference.

Easy screen deployment
High quality castors for easy room-to-room manoeuvrability.

Secure your equipment
Lockable storage space behind the screen securely encloses your AV equipment and conceals the screen locking bar.

Quick and easy screen deployment...

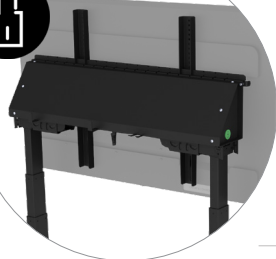

Electrically height adjustable
Adjust the screen to your preferred working height
