

Tucana

10-year
mechanical
warranty

5-year
electrical

The Tucana range is a series of highly configurable bench style desks specifically designed for group ICT workspaces.

The range can be adapted and scaled to fit a variety of room requirements and is ideal for maximising the use out of any learning space such as narrow work areas or corridors where space is limited.

Each desk unit includes integrated cable ports and a centralised cable tray running underneath the entirety of the work surface, helping improve cable management.

Complete cable management

Integrated central cable cavity running underneath entirety of the desk improves cable management.

Configured for you

Desks can be configured and arranged to fit a variety of room shapes and requirements.

Tamper proof solution

All cables are concealed & locked away within the table, eliminating any tampering from students.

Cable tray running the entire length of the worktop, concealing and locking away all cabling

Worktop power to charge BYOD devices

Secure and integrate your PC

Internal tamper proof cable management

Height adjustable positions to accommodate all user height requirements

Cables can be accessed via removable panels at the end and underneath the unit for easy maintenance

Option for mast at the end of the table for students to share content on screen or lecturers to cast lesson content

1 Start with a single section:

1-sided version
Sitting next to each other

2-sided version
Sitting opposite each other

2 Add more standard sections to create any shape/size bench desk you require:
