

Synergy Fusion

Synergy Fusion is a flexible solution designed to give the user the ability to create different learning environments to suit their teaching style on the day. The unit can be used as a traditional display while the screen is raised and can also be retracted when it is not needed, providing clear line of sight for students.

Synergy is designed to provide users with a dynamic and interactive solution that is fully AV and IT integrated and meets the high standard expected from educational furniture today.

- Electronic retractable screen (42" - 50")
- 2x 1U top loading internal rack space
- Wide range of worktop shapes and sizes
- Soft close lid for smooth open / close action
- Piezo anti collision system

Collaboration is key

Creating active learning spaces to enhance student collaboration.

2x 1U rack space

Allows rack mounted equipment to be integrated behind the screen and in the lower section of the unit.

Seamless AV integration

Complete internal cable management creates an 'all-in-one' solution.

All eyes on the lecturer

The screen can be retracted when it is not needed, providing clear line of sight for students.

A shape for every requirement...

Our table shapes help promote discussion and enhance engagement.

- Please note, these are our recommended worktop shapes. We are happy to discuss other requirements.
- Recommended for use with a 50" screen.
