

PRODUCT DETAILS

ATLAS

The Atlas acoustic meeting pod is a new innovation of single person work booths specifically designed for private phone and video conference calls away from noisy office environments.

This pod features acoustic panels that contribute to a quieter atmosphere by minimizing external noise and augmenting seclusion.

Features

- Wide range of fabric and worktop options.
- Built-in table and seat.
- Create private pod spaces with minimal impact on office infrastructure.

Effective acoustics

Helps limit external noise, creating the ideal solution for any open plan office spaces.

Plug in and play!

Simple to install, these booths are easy to use and ready to 'plug in and play'.

Customisable connectivity

Available with a wide range of power and data options to suit your requirements.

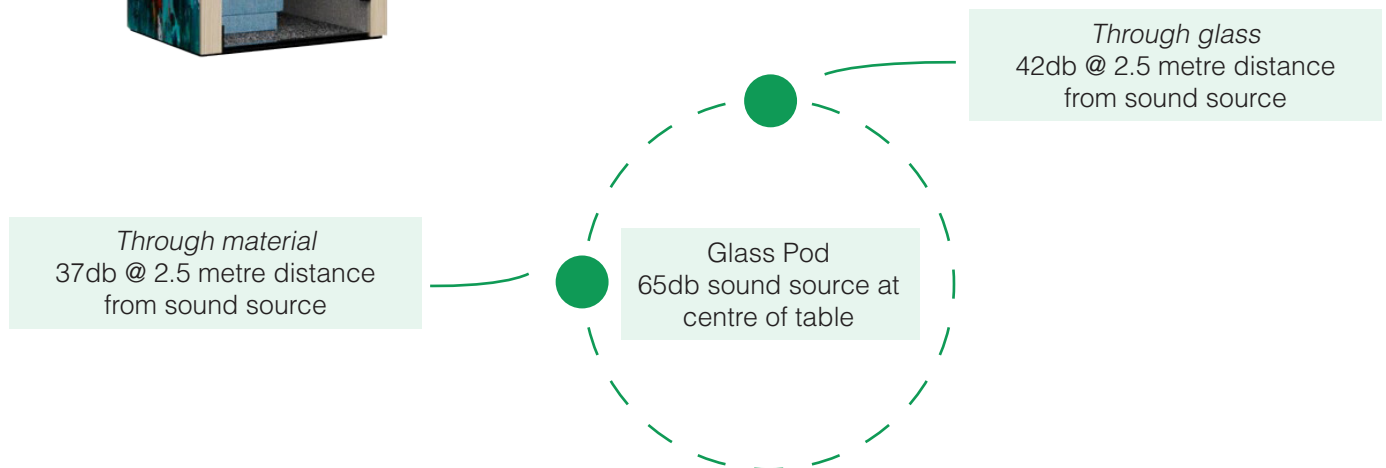

Acoustics

Our pods are designed with effective acoustics, helping limit external noise.

Atlas has a choice of panels to change the aesthetic and improve sound insulation, ensuring your private calls stay private and uninterrupted.

LED Light

We use a 650-lumen fire-rated LED bulb that creates the perfect lighting, activating automatically when you enter.

The top-down position spreads a comfortable, warm light evenly, preventing glare on screens or headaches for the user.

Range of Customisable Options

Choose from a variety of customisable options to suit your requirements.

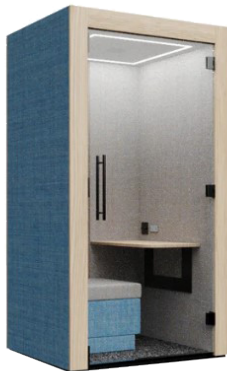

Dimensions

Width: 1200
Depth: 1000
Height: 2200
