

Arc Animate

Arc Animate is a range of tilting tables ideal for flexible learning spaces where access to power outlets is limited or non-existent, creating technology enriched learning environments fit for their requirements where-ever they are.

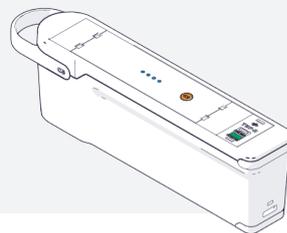

Arc Animate features a portable battery for BYOD device charging within flexible learning spaces, eliminating the safety risk from trailing mains cables.

The battery can be hotswapped with a fully charged battery pack and charged in a separate dock, allowing for continual use.

Animate charger base available for up to three batteries at a time

5 hrs charge time from empty to 100% full capacity

Effective cable management
Fully enclosed cable management below the worktop results in a tamper proof design.

Hot swappable batteries
Swap with a fully charged battery pack for continuous use.

INTEGRATED PORTABLE BATTERY

Power devices such as laptops, phones, tablets and other mobile electronics.

It's the same battery tech used in your cordless vacuum and your electric car!

With a full 240Wh capacity the Animate system is capable of fully charging...

4 or **10** or **20**

Laptops

Tablets

Mobiles

FREEDOM TO MOVE POWER TO LEARN

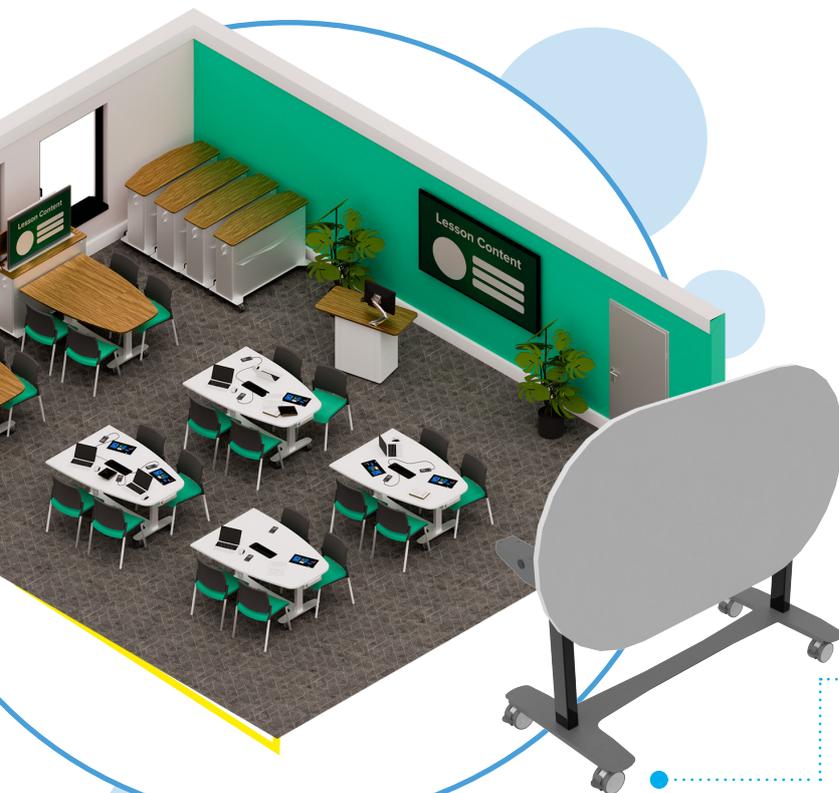

Create **Flexible Spaces** with truly agile technical furniture, powering devices, free from the concerns of tethers and trip hazards such as trailing mains cables.

FEATURES

Choice of Blade, Quad, Teardrop, circular and Obround worktop shapes (4 & 6-seat)

Folding table with user-friendly release mechanism

Smooth controlled 'tilting action'

BUILD YOUR OWN SOLUTIONS

Our Animate system is designed to be adaptable, meaning you can add & remove batteries to meet your exact needs.

For example, an average person can utilise a single battery for an entire day of charging power, maybe even more!

But, what if you'd rather have even more freedom between charging times? The more batteries in the system, the higher the capacity to charge the users devices over longer periods of time. This time decreases as more users rely on the same source.

Piccolo

Animate Dock

Animate Charger Base (Triple)

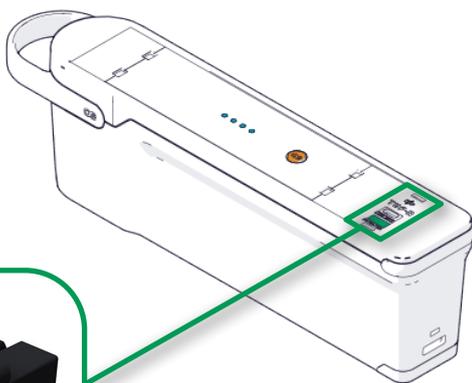

Animate Battery

Charging Trolley

Please note: Arc Animate also requires the use of a charging base or trolley, which must be purchased separately.

Modular USB A + C ports allow for repair rather than replacing the whole battery if a port is damaged

LITHIUM-ION BATTERY

240Wh scalable capacity

IEC & UL standards

5 hrs charge time from empty to 100% full capacity

High cycle durability Lithium battery

Supports 60W USB power delivery

USB-A and USB-C output options

5 year lifespan

Models

All tables 779mm(H - flat)

Blade (4-seat)	AC-BE04-A	1600mm(W) x 1120mm(D)
Blade (6-seat)	AC-BE06-A	1880mm(W) x 1120mm(D)
Quad (4-seat)	AC-QD04-A	1600mm(W) x 1020mm(D)
Quad (6-seat)	AC-QD06-A	1880mm(W) x 1020mm(D)
Teardrop (4-seat)	AC-EE04-A	1700mm(W) x 1215mm(D)
Obround (4-seat)	AC-OD04-A	1700mm(W) x 1020mm(D)
Circular (6-seat)	AC-CR06-A	1600mm(W) x 1600mm(D)

Bespoke worktops available, let us know your requirements!

Specification

- Choice of standard paint, worktop & edge banding finishes
- Cable tray beneath worktop
- Cable management on the underside of the worktop
- Worktops are supplied with a depth of 25mm
- Castors
- 1x Animate Battery + Animate Dock
- 1x Animate Charger Base (3x bay)
- 4x Piccolo DC A+C inputs (2x on each side)

Please note: Arc Animate also requires the use of a charging base or trolley, which must be purchased separately.

Additional cost

- Non-standard paint, worktop & edge banding finishes
- Animate Charging Trolley (12x bay)
- Additional Piccolo units
- Additional Animate Battery units
