

Aside Pods

The ASIDE collection is an innovative range of fully upholstered arched dens. Sit aside, catch up, collaborate or set yourself up in the perfect private concentration space for busy environments.

The dens are highly customisable with options for power, lighting, upholstery and table tops.

Features

- To make the den super comfortable we use a combination of high density recycled foam and high quality polyurethane foam.
- The addition of castors allows the dens to be fully mobile, giving you even more flexibility within your space.

Effective acoustics

Helps limit external noise, creating the ideal solution for any open plan office spaces.

Customisable connectivity

Available with a wide range of power and data options to suit your requirements.

Plug in and play!

Simple to install the ASIDE dens are plug and play and are fully (and easily) relocatable, so they move when you move.

Our pods are designed with effective acoustics, helping limit external noise.

These dens are ideal for creating meeting spaces away from main office areas where staff can have high quality meetings that aren't effected by noise.
